RAUDA AND OTHER CARRASCOSA FAMILY DEFENDERS. You have lost this case and the longer you take to return Victoria Innes to her father Peter W. Innes the more counts of Child Abduction and obstruction of Justice and Contempt of Court you will have filed against you. We at AXJ know better than anyone in Spain how your Justice system works when you arrested ISABEL PANTOJA at midnight and have extorted 90,000 euros from her. We know how you Supreme Court is involved in politics and now you Constitutional Court is restoring rights to a terrorist group called ETA. We know how you great judge of the March 11th terrorist attack in Madrid was a conspiracy and now he has been threatened. We know how your Government and the King of Spain is negotiating with Terrorists. The USA does not negotiate with Terrorists. **And we also know about all the hidden Carrascosa Bank Accounts in Panama which will be published shortly.** You have abducted Victoria Innes and it is best for you to return her safe and sound to her father in 48 hours. As for Maria Jose Carrascosa, she is in prison without bail because she abducted her daughter. Period. End of Story.

Alex (Real Justice)- are you dense?
Read my words: VICTORIA CANNOT BE BROUGHT TO THE US, BECAUSE YOUR BROTHER PETITIONED SPANISH COURTS TO HOLD THE CHILD'S PASSPORTS UNTIL AGE 18 - AND, GUESS WHAT?- THEY COMPLIED....Though he has tried, repeatedly, to get that court decision overturned, his motions have been denied - AS WOULD BE THE NOTIONS OF MARIA JOSE - simply, because THERE IS NOTHING SHE CAN DO...IT IS NOT IN HER HANDS....
Further, Spanish Courts have never decided that the custody should be held and/or decided anywhere but there...
There was no marriage - therefore the annulment - therefore there should be no divorce procedure held by Judge Torack on a marriage that never existed....what exactly is it that he wanted to divorce?

We understand that you are the child's uncle and that you may miss her...but you have only your brother to thank for this mess...

HAD HE NOT BEEN THE ANIMAL THAT HE WAS, BEATING HER...
YOU WOULD NOT MISS YOUR NIECE NOW...

Once again we must intervene to put this case straight. You Carrascosa camp are making unfounded allegations and accusations and can be held responsible and accountable for your acts in a court of Law. Simply answer 1 question: Did or not Maria Jose Carrascosa sign a divorce agreement with Mr. Peter W. Innes acknowledging that they were married and had a child in common named Victoria Innes? YES or NO?? Can't answer? **Just like the bank accounts in Panama??** Right? As for your Justice system and Judgements, all those are null and void and mean nothing, like your Spanish constitution which is useless. Your King just acknowledged that Spain is negotiating with TERRORISTS. That is the type of people you are and worse, a rotten family. How can you say these things about the father of Victoria Innes? She will read this before too long and won't believe that her aunt Victoria Carrascosa, and grandmother said these horrible and terrible things about her father. You will all pay in due time. Just a question of time now. Think about what you are doing while you eat paella. And by the way, quit negotiating with terrorist of the USA will not give you any more intelligence to defend your soldiers in Afghanistan.

AXJ, Maria Jose never signed a divorce agreement - in fact, she was never served with it. Further, since she was not married at that time, remember the fraudulent marriage had been annulled, therefore no need to "sign" anything. She and Peter had signed a preliminary agreement when they separated, which became OBIATED once Mr. Innes filed for divorce...That is the LAW in the USA, you fool....Please have Mr. Van Aulen explain this to you...Both he and Ms. MAdeline Marzano-Lesnevich agreed at the time that this agreement was null and void, and that it had no effect as it had been repudiated by both parties...Eat this, you asshole! Further, as you do not know who is what and where, stop throwing torpedoes, you might shoot one up your ass amidst your confusion. Remember, you are not dealing with idiots here - we are all well-educated, successful, multi-linguistic professionals, be it here or in Spain...stop threatening, we are laughing our asses off!!!!
